We are pleased to share your Communication Skills Baseline Assessment Report. This assessment reflects your performance at the beginning of Grade 4 and will help track your progress and growth through the year.

NAME: Jitendra Kailash Kumavat

GRADE: 5 DIVISION: B

## Assessment Details

The baseline assessment consists of two comprehensive components designed to evaluate your current communication skill level:

### Multiple Choice Questions (MCQ) Test

A carefully curated assessment that, unlike the usual MCQ assessment, uses audio-visual aid to not only check the theoretical understanding but also tests the critical thinking, logical reasoning and creative thinking skills of the students.

### Speaking Test

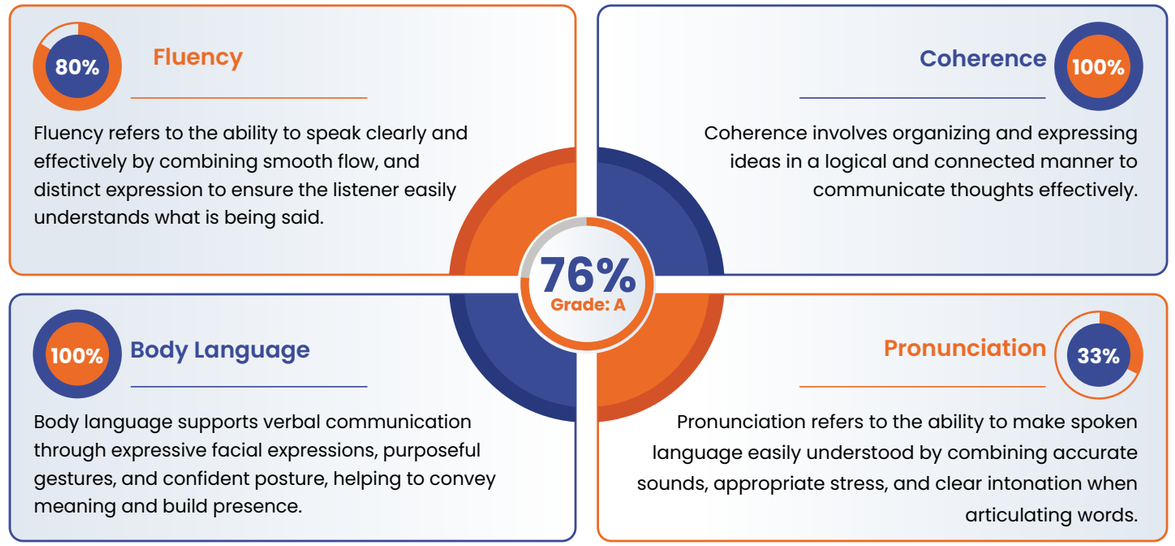

A practical oral assessment where you demonstrate your communication abilities through structured speaking activities. This test is specifically designed to evaluate your real-time communication performance.

Both assessments are designed specially to test students on various sub-skills which add up to fostering, Ability to Speak and Ability to Engage. This report highlights your skill level in these two key areas:

| Grade | Percentage Range |
|---|---|
| A+ | 85 - 100% |
| A | 70-84% |
| B+ | 55-69% |
| B | 40-54% |
| C+ | Below 40% |

Please note: The rigour of evaluation differs across grades. The assessments conducted were specific to **Grade 5**; therefore, the baseline scores for this grade are not comparable to the baseline scores of any other grade. Each grade's assessment uses content which is age-appropriate.

## Jitendra's results

**KEY STRENGTHS**

The speech transcript shows a clear and simple flow of ideas appropriate for grade 4, and the student speaks with reasonable clarity and pace.

**KEY GAPS**

Limited visible gestures or facial expressions reduce body language impact; minimal variation in energy and interaction cues lessen audience engagement.

**OVERALL OBSERVATION**

The student delivers the speech with understandable articulation and basic structured thinking. However, body language and audience engagement are somewhat limited, showing minimal expressiveness or dynamic projection.

This **assessment shall be taken thrice in a year:**
